Vision Problem Presentation

Task: Create a Keynote presentation that shows a common vision problem. The objective is for you to apply your understanding of light, the eye, and lenses. Your presentation should include the following:

_____ A Title Slide

_____ Appropriate Pictures (should be labeled)

_____ A section (one or more slides) that describes what the problem is and how a person gets this problem Identify the part or parts of the eye that this problem affects.

_____ The last slide(s) should include the Works Cited that includes at least three references.

Content	A	B	C	D
	All of the requirements are present on the brochure. The content is accurate and written in the student's own words.	There are 1-2 missing components. There are 1-2 mistakes on information.	There are more than three components missing or there are more than 3 content mistakes.	Made no attempt to do the necessary components.
Creativity	A	B	C	D
	Used diagrams, pictures or other visual aides to help explain the problem. The text was easy to read and organized creatively.	Pictures/drawings somewhat help explain the problem. Some of the text needed better organization.	Used no pictures/drawings. Text was very difficult to read or follow, and showed no creativity.	Did not have the appropriate creative elements.
Writing Conventions	A	B	C	D
	Followed capitalization, spelling, punctuation spelling, punctuation and grammar rules. Information is cohesive	There are 1-2 capitalization spelling, punctuation and grammar mistakes. Information is disorganized and somewhat difficult to understand.	There are more than 3 capitalization, spelling, punctuation, and grammar mistakes. Information is disorganized and very difficult to understand.	There are too many grammar, punctuation, spelling, and capitalization mistakes that it interferes with meaning.
Works Cited	A	B	C	D
	In text citations are used. The Works Cited section is included at the end. At least 3 resources used and cited correctly in the Works Cited.	Includes in text citations but only 2 text resources are cited or citations are not formatted correctly in the Works Cited.	Does not include in text citations and only 2 text resources are cited or citations are not formatted correctly in the Works Cited.	Did not include in text citations. Only 1 text resource is cited or citations are not formatted correctly in the Works Cited.
